

Coming Soon to a Spring Conference near You!

2010 is the one hundredth anniversary of the founding of the organization which was to become the Hospital Auxiliaries Association of Ontario (in 1910 known as the United Hospital Aids). Start planning now to attend our Centennial Convention next November, and watch for the Convention Preview in late summer to discover what interesting and exciting events are planned around this significant milestone.

In the meantime, a book commemorating the last one hundred years of healthcare volunteering in our province is nearing its publication date (late January). Copies will be available at the regional Spring

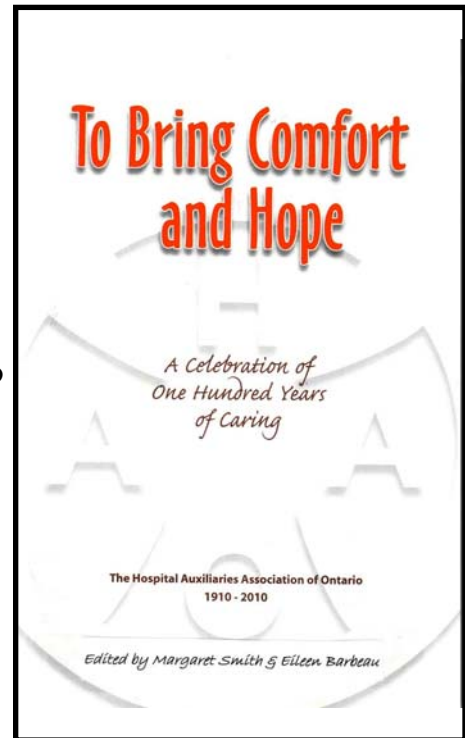

Conferences in April and again at the Fall Conferences in October.

Remaining copies will be sold in the Resource Room at Convention 2010.

Auxiliaries/Volunteer Associations. As well it contains Highlights of our History, and historical documents commemorating our fiftieth and seventy-fifth anniversaries. It was compiled and edited by Margo Smith and Eileen Barbeau.

Watch for it at your Spring Conference!
